SKILLS

React Express NodeJS MongoDB JavaScript Python Bootstrap Flask HTML/CSS PostgreSQL

PERSONAL PROJECTS

FrightList

- After years of trying to find the right horror movie on the spot, there's an app for that!
- Users will have the ability to sort films by category as well as compile movie lists and interact with the community.
- A multi-page web app using Bootstrap, PostgreSQL, JS, and new tools I am excited to learn while developing.

Text-Based Adventure Game [↗](#)

- Interactive text game built with Python.
